

Ramsgate Baths

Option 1: Consider concrete boardwalk (promenade).

Option 2: Further improvements to existing pathway.

The Grand Pde

1. Install trail directional marker.

Existing path

6. Construct 10m new path (straighten path).

7. Install trail directional marker.

8. Reconstruct 25m path as far away from building as possible.

9. Relocate cluster of rubbish bins away from relocated path alignment.

Toilets

Omero's

Surf Life Saving Club

3. Construct 130m concrete boardwalk in front of existing cafe/restaurant.

2. Use tactile signage, marking and path surface markings to indicate 'slow zone'. (Techniques include centre lining, diagonal cross hatching, 'keep left' and 'please share' signage).

12. Install additional tactile signage, marking and path surface markings to indicate 'slow zone'. (Techniques include centre lining, diagonal cross hatching, 'keep left' and 'please share' signage).

10. Modify brick wall.

Existing path

13. Consider removal of all large bollards from centre of path.

Ramsgate Rd

11. Widen existing path wherever possible (approximately 20 - 25m).

5. Develop trailhead facilities (bike parking, trailhead sign/map).

4. Install trail directional marker.

14. Install trail directional marker.
